

EBMS Payroll Checklist

These steps need to be performed after the last 2018 pay date and before the first 2019 pay date.

Use this checklist to guide your transition into the New Year. This list is set up in the order we suggest that works best, however you may find that your company needs to follow a different order depending on your requirements and set up. Please use this only as a guideline and useful tool.

NOTE: These processes have links on our Year End webpage to the specific topics in our online documentation for more details. Feel free to contact us if you are unsure on any of these processes.
